

## Intact Case Manager (Full-time)

Rincon Family Services (RFS), a 501 (c)(3) not-for-profit organization, was established in 1972 by community residents and individuals recovering from substance use on the west side of Chicago. Originally one of the first Latino-focused substance use treatment centers, we have expanded our mission to address the needs of the larger community. With over 40 years' experience, we provide counseling, case management, prevention and treatment services for both individuals and families across Chicagoland.

Through a partnership with Lutheran Child and Family Services of Illinois and the Department of Child and Family Services (DCFS), Rincon offers a unique program that joins child welfare with Alcohol and Other Drugs (AOD) use treatment programs. This partnership allows us to provide comprehensive services for families throughout the recovery process. The Intact Family Recovery Program utilizes certified substance use counselors to employ a three-phase model that provides continuous support to DCFS involved families over an 18-24 month period. We are seeking a professional and motivated full-time Intact Case Manager to join the Team.

The Intact Case Manager works as a member of a multi-disciplinary team providing therapeutic and rehabilitative services, counseling, case management and integrated dual diagnosis treatment. The team works to address all treatment needs, including crisis management, substance abuse treatment, medication management, physical health treatment, mental health treatment, accessing benefits and entitlements, and other supportive services.
